THE UNIVERSITY OF ALBERTA STAFF BULLETIN

EDMONTON, ALBERTA

12 MAY 1977

## MURRAY COOKE 1910 - 1977

Murray Cooke, retired Director of Personnel Services and Staff Relations, died on Monday, 2 May. During the nineteen years Mr. Cooke served the University and in his generous work with community and charitable organizations, he won the respect and admiration of many, many people.

Mr. Cooke began his long association with the University in 1957 when he became the institution's first Personnel Officer. It was Mr. Cooke who made the department autonomous, separating its functions from other departments such as Physical Plant and building Personnel Services and Staff Relations to what it is today. He was responsible for placing an emphasis on staff relations: he always showed a real concern for staff and for making sure that the best possible working relationships were arrived at. It was Mr. Cooke who initiated the idea of hiring students as part-time staff, and it was largely his effort that brought about the University's policy of hiring the handicapped, ex-alcoholics, and other people that many employers might normally reject.

Mr. Cooke graduated from the University of Saskatchewan in 1931 with a BSc in Agriculture, specializing in soil science. He first worked for Consolidated Mining and Smelting, carrying out experiments to develop fertilizers; later he worked as District Manager for the company in the southern part of Saskatchewan. Before serving in the Air Force in World War II, Mr. Cooke worked for a time for Credit Foncier Franco-Canadien. In 1946, he became an Accredited Land Appraiser and worked as Supervisor for Northern Alberta under the Veterans' Land Act, helping people to obtain farms and land after the war. He took a position with the Department of Immigration in 1949 as Superintendent for Alberta and became involved in helping immigrants settle on farms.

Mr. Cooke was also actively involved in many community projects. He was one of the founders of the Alberta Heart Foundation, and he worked closely with the United Way Fund. He was instrumental in establishing the Edmonton Personnel Association and the Association of University Personnel Administrators of Western Canada. Mr. Cooke was also involved in arbitrating many

labor disputes for both the provincial and federal governments.

In all his years serving the University and the community, Mr. Cooke's main dedication was to people, and his main concern was for how he could help them. He was justly respected and admired, and he made many friends. Murray Cooke will be missed.

## BOARD OF GOVERNORS

*The regular meeting of the Board of Governors was held Friday, 6 May. The following items were among those considered.*

### Dissertation Fellowships

The Board Finance Committee recommended Board approval of a request by the Dean of the Faculty of Graduate Studies and Research and the Graduate Assistance Policy Committee that the value of the University

of Alberta Dissertation Fellowships be increased to \$5,500 from \$4,500 each, commencing in the 1977-78 academic year. With the exception of the Killam awards, these Fellowships are intended to be the most distinguished form of graduate assistance at the University; however, because of inflation the Fellowships are now worth less than many other awards, which compromises their original intention.

### Naming of Anatomy Laboratories

The Board Building Committee recommended that 634 Medical Sciences Building be named the Dr. Ralph F. Shaner Anatomy Museum in recognition of the past services of Ralph Shaner, who taught anatomy and histology from 1922 until his death in 1976 and who was Chairman of the Department of Anatomy from 1927 to 1959. Herbert E. Rawlinson became Chairman of that

Department immediately after Dr. Shaner, and he will also have a room named for him: 636 Medical Sciences Building will become the Dr. Herbert E. Rawlinson Dissecting Laboratory.

#### Parking Permit Fees for 1977-1978

The Board approved an increase in parking fees:

	Current Fees 1976-77		Proposed Fees 1977-78	
	Annual	Monthly	Annual	Monthly
Reserved Stall Permit				
With plug-in	\$132	\$17	\$156	\$20
Without plug-in	108	14	132	17
Additional fee for 24-hour reserved stall	36	5	36	5
Reserved Zone Permit				
With plug-in	96	12	114	14
Without plug-in	72	9	90	11
Peripheral Zone Permit				
Full year	48	5	60	6
Evening Permit	20	3	20	3
Alternate Car Permit	5		5	
Motor Vehicle Pool Permit	2		2	
	(additional)		(additional)	
Spring and Summer Sessions Permit	7.50		10	
	per session		per session	

The rates reflect monthly increases of \$2 for reserved stalls, \$1.50 for reserved zones, and \$1 for peripheral zones. Casual permit prices will remain the same as those in 1976-77.

#### Academic Pension Plan

The Board received two amendments to the Academic Pension Plan proposed by the Trustees. The second proposal must go to the Lieutenant-Governor-In-Council for approval.

The first adds a new clause to Section 14(1): "For the purposes of this plan

pensionable service shall be deemed to include: (j) notwithstanding any provision in this section that limits pensionable service to two consecutive years of leave of absence, in the case of leave to hold political office such longer period or periods as are approved as pensionable service by the Board excepting any period or periods for which the staff member is eligible to receive a pension under a pension plan of the legislative body or municipality to which he had been elected."

The second, relating to indexing payments, adds a new clause to Section 19(5) and one to Section 32(3). The amendment to Section 19 reads: "(o) The provisions of clause (j) are extended to provide that pensions in payment on or deferred pensions established on or before July 1, 1977 will be increased effective July 1, 1977 by the percentage change in the index as at December 31, 1976 as compared to the index as at December 31, 1975 less the annual percentage adjustment paid effective July 1, 1977 under the preceding clauses of this subsection." The amendment to Section 32 is: "(k) The provisions of clause (g) are extended to provide that pensions in payment on July 1, 1977 will be increased effective July 1, 1977 by the percentage change in the index as at December 31, 1976 as compared to the index as at December 31, 1975 less the annual percentage adjustment paid effective July 1, 1977 under the preceding clauses of this subsection."

#### Quotas for Foreign Students

The Board will recommend to the General Faculties Council that in determining standards and policies respecting the admission of foreign students on student visas to the University, GFC consider favorably proposals of the Vice-President (Academic), Myer Horowitz, that (a) foreign students should represent no more than 5 percent of the total undergraduate enrolment and 20 percent of the graduate enrolment and that (b) foreign students from any one country should represent no more than 20 percent of the total foreign student enrolment. In fact the figures in the first proposal reflect actual enrolment figures: foreign students have made up approximately 5 percent of that total undergraduate student population in recent years, and about 15 percent of the graduate student population. However, students from Hong Kong have made up about 40 percent of the total foreign student population, and the figure in the second proposal will therefore lead to a different mix of foreign students in the future.

#### Membership on Board Standing Committees

Jay Spark will replace Len Zoeteman on the

Finance Committee; Mr. Spark is the President of the Students' Union for the 1977-78 term. Howard Hoggins will replace Joe McGhie on the Building Committee; Mr. Hoggins is Student-at-Large for the 1977-78 term.

#### Membership on the Board of Directors of the Banff School of Advanced Management

E.W.B. Adamson has been reappointed to the Board of Directors of the Banff School of Advanced Management for a three-year term from 1 July 1977 to 30 June 1980. Mr. Adamson was appointed director by the Executive Committee of the Board at its meeting on 4 February 1977 to fill the unexpired term of the late F.T. Jenner.

#### Committee on Innovative Work Patterns

The Association of the Academic Staff has recommended to the Board that a joint AASUA-Board committee be established to study implementation of new work patterns, day-care facilities, career counselling, and leaves for maternity and child-rearing and to consider extended leaves, partial retirement, and early retirement. The committee will have six members, three from the Board and three from the AASUA.

#### Committee on University Priorities

At its meeting on 4 March the Board, acting on a recommendation of the Finance Committee, directed the President to establish a Committee on University Priorities. The composition of the Committee was decided at this meeting. Two members will be lay members of the Board appointed by the Chairman, two will be elected by GFC, and two appointed by the President, one of whom will be nominated by the Executive Council of GFC. This last member will serve full time on the Committee. Willard Allen, Associate Vice-President (Academic), will serve as a non-voting resource member.

The Committee has been set up in response to government requests and will investigate the means by which the University can achieve its goals through its financial resources. It is expected that each faculty will also set up priorities committees simultaneously with this one, which is to report to the Board no later than January 1978.

## PEOPLE

■ Harry E. Gunning, President, will be awarded an Honorary Doctor of Laws degree by the University of Victoria on 28 May. The degree is to formally honor the teaching, research, and administrative efforts of Dr. Gunning.

## VISITORS

---

- Evgenij Vinokurov, a leading Russian poet and poetry editor of the Journal *Novyj Mir*, was the guest of the Department of Slavic Languages from 22 April to 3 May. While here, he conducted a number of seminars. He was accompanied by Valentin Kotkin, Secretary-General of the Foreign Commission of the USSR Writers' Union.
- E.J. Walaszek, Professor and Chairman in the Department of Pharmacology at the University of Kansas Medical Centre, visited the Department of Pharmacology from 1 to 4 May. He spoke on "Computer assisted teaching systems in medical education" at the regular meeting of the medical staff of the University of Alberta Hospital; in addition, he gave a detailed demonstration of the computer assisted teaching systems that have been developed by the University of Kansas. At a business meeting held on 3 May, Dr. Walaszek discussed both the software and hardware requirements as well as the financial implications of instituting such a system. On 4 May, Dr. Walaszek gave a seminar to the Department of Pharmacology entitled "Central dopamine receptor agonists and antagonists."

## NOTICES

### NASA SALARY AGREEMENT

The Board of Governors and the Non-Academic Staff Association have agreed to a 7.5 percent salary increase for the 1977-78 year. The agreement also provides for an additional statutory holiday, extra vacation in the twentieth year of service, and retention of merit increments.

### HOST FAMILIES FOR FOREIGN STUDENTS

The Foreign Student Office is seeking interested families willing to host international students who will be here for

special summer programs. Further information is available by calling 432-4145.

### INTERRUPTION OF SPECIAL COLLECTIONS SERVICES

From May to August ceiling alterations in the Special Collections' stacks area will necessitate the removal of the entire collection to another location. The temporary location, 028 Cameron Library, will not house all of the collections. Therefore, some infrequently used materials will have to be placed in storage.

During May and August, while the collection is being moved, most of the items will be unavailable. These items include the closed stacks, special collections, pamphlets, manuscript collections, and the archival copy of all University theses and dissertations. During June and July, most of the collection will be available, particularly heavily used documents in the areas of European history, Canadian history, literature, and theses and dissertations.

Any faculty members or students planning research in Special Collections between May and September should contact John Charles, Special Collections Librarian, as soon as possible to ensure that specific materials can be made available when needed.

### LOST AND FOUND PROPERTY

Campus Security operates a lost and found registry, and is required to destroy or otherwise dispose of a large amount of property each year because no claim is ever registered by owners. The University community should become aware of the lost and found service; if you need assistance, telephone 432-5252 or visit the Campus Security offices north of the Education Centre.

### RECREATION 479

E.J. Tyler, social psychologist from Brandon University, will be teaching Recreation 479, a seminar course applying social psychology theory to recreation practice. It will be offered through the Department of Recreation Administration in the second term of Spring Session each day from 10 a.m. to 12:20 p.m. The seminar will be of interest to graduates and senior undergraduates in the social sciences. Interested persons should note that the course will have a maximum enrolment of twelve.

### DEVONIAN BOTANIC GARDEN

The Devonian Botanic Garden, situated three miles north of Devon on highway 60, will be open during the following hours this summer: Saturday, Sunday, and public holidays, 1 p.m. to 6 p.m.; during May from Monday to Friday, 3 p.m. to 8 p.m.; June, July and August, Monday to Friday from 3 p.m. to 9 p.m.
